Formulator Sample Shop makes no warranty, express or implied, including any warranty of merchantability, non-infringement or fitness for a particular purpose, concerning the composition or use of these formulas. Users assume all risks and responsibility resulting from such use and the handling, use, storage, transportation, sale or resale of any products made therefrom. Formulator Sample Shop assumes no liabilities or obligations for the technical content found herein regarding formulas or the results obtained therefrom Users rely on this information at their sole risk and should make their own, independent determination as to the suitability of any product for a particular use. User waives all claims against Formulator Sample Shop for damages, including consequential and punitive damages, even if Formulator Sample Shop has been advised or has notice of the possibility of such damages, and User agrees to defend and indemnify Formulator Sample Shop against any loss, damages, liability, cost and expense relating to the use of the formulas and/or the handling, use, storage, transportation, sale or resale of any products made there from.

Procedure

1. Add Phase A to beaker. Mix well. Heating to 40-45 degrees Celsius.
2. Slowly add Phase B, one ingredient at a time until well mixed, using high mixing.
3. Cool to room temperature.
